
Qyrsqyrs – Quick Rules

Goal:

Collect as few points as possible.

Each card counts its printed value as minus points.

Components:

32 playing cards, 1 “Treasure Chest” card.

Four suits (2–8) and four Queens as trump cards.

Setup:

Each player receives 8 cards (10 cards with 3 players).

Each player places 1 card face down into the Treasure Chest.

In a 3-player game, the dealer adds 2 additional cards.

Gameplay:

The player to the dealer’s left starts.

All others must follow suit if possible — same color or a trump card.

If unable to follow, any card may be discarded or a trump played.

Trump cards beat all other colors.

The winner of the trick leads the next one.

The player who wins the last trick receives the Treasure Chest.

Special Results:

Flawless – no tricks: Opponents double their minus points.

Grand – all tricks: Opponents receive 500 minus points.

Scoring:

All card points count as minus points.

Qyrsqyrs is not included in scoring.

The player with the fewest points at the end wins.
